Might Diamond go (as his mother's uncle had gone) to the School of Wizards on Roke Island? Might he (as that uncle had done) gain glory for his family and dominion over lord and commoner, becoming a Mage in the Court of the Lords Regent in the Great Port of Havnor? He thought hopefully for a while that he was sick and could miss the party. But the day came, and he was there. Not so evidently, so eminently, so flamboyantly there as his father, but present, smiling, dancing. All his childhood friends were there too, half of them married by now to the other half, it seemed, but there was still plenty of flirting going on, and several pretty girls were always near him. He drank a good deal of Gadge Brewer's excellent beer, and found he could endure the music if he was dancing to it and talking and laughing while he danced. So he danced with all the pretty girls in turn, and then again with whichever one turned up again, which all of them did..Two long curves appeared on the Doorkeeper's cheeks, enclosing the slow upturn of his smile. The Changer's face remained stern, but he blinked, and after a little thought said, "I'm sure - yes - it was definitely the better plan to be honest. What Master did you speak of?". Having long studied these, Gelluk knew that once he had enough of the pure metal, the next stage was to refine it yet further into the Body of the Moon. He had understood the disguised language of the book to mean that in order to purify pure quicksilver, the fire must be built not of mere wood but of human corpses. Rereading and pondering the words this night in his room in the barracks, he discerned another possible meaning in them. There was always another meaning in the words of this lore. Perhaps the book was saying that there must be sacrifice not only of base flesh but also of inferior spirit. The great fire in the tower should burn not dead bodies but living ones. Living and conscious. Purity from foulness: bliss from pain. It was all part of the great principle, perfectly clear once seen. He was sure he was right, had at last understood the technique. But he must not hurry, he must be patient, must make certain. He turned to another passage and compared the two, and brooded over the book late into the night. Once for a moment something drew his mind away, some invasion of the outskirts of his awareness; the boy was trying some trick or other. Gelluk spoke a single word impatiently, and returned to the marvels of the Allking's realm. He never noticed that his prisoner's dreams had escaped him..Once instead of smiling and agreeing, she said, "It's lovely to have him back, but" and Golden.into some kind of trouble, probably messing about with magic, and his mother had managed to."Why are we wasting time here?" he demanded, as Tern let the bucket down into the well.
